

Strike of 33 Days Ends as Workers Go Back to Docks

Local Disputes Continue
In Southern, Gulf Ports

NEW YORK (AP) — Longshoremen went back to work today in New York and other ports, ending a 33-day-old dock strike.

Dockworkers at most major East and Gulf Coast ports also were heading back to the piers. Local disputes continued to tie up South Atlantic and West Gulf ports where negotiations were in weekend recess.

The longshoremen swarmed onto Hudson River piers here at 8 a.m. and began work at Saturday overtime rates. Their return came after their union president agreed to recommendations of a presidential panel that the strike end in all ports where settlements have been reached.

Vietnamese Desertions Are Reported

Quiet Day
Saturday is usually a quiet day on the piers, but with 194 ships in port here, shippers issued calls for 10,000 longshoremen to report today out of the 26,000 who work in New York.

Initial reports showed dockworkers also had returned to work in Baltimore and Philadelphia. Boston longshoremen were due back in the afternoon.

Thomas W. Gleason, president of the AFL-CIO International Longshoremen's Association, gave orders, however, that union members were not to work any ships that might be diverted from ports still being struck.

One of the first ships to benefit was the National Hellenic Lines Queen Frederica, which

docked here just about the time the longshoremen's work whistle sounded. The ship carried some 500 passengers back from a West Indies cruise.

Although foreign-flag passenger ships sailed in and out of New York during the strike, their passengers had to handle their own baggage with some help provided by supervisory and clerical employees.

American-flag passenger ships had been stymied during the strike because union crews did not cross longshoremen picket lines. Crews of the foreign-flag passenger liners do not belong to American maritime unions.

They added that the fourth American adviser, identified as Spec. 4 James H. McLean of Los Angeles, is believed to have been captured.

The U.S. informants said the Communists approached the hill at Duc Phong, 85 miles northeast of Saigon, with loudspeakers.

"We only want to kill the Americans," the Communists called out. "All the rest can go free if they leave their weapons behind."

Before dawn the Viet Cong launched a final assault on the camp. The three Americans and five Vietnamese mountaineers were found dead the next day.

U.S. authorities said they are investigating the report that 97 George Thompson, British minister of state for foreign affairs, company — a sort of home guard force — left the camp without their weapons.

British Minister To Meet Gromyko

MOSCOW (AP) — A British cabinet minister will meet with Soviet Foreign Minister Andrei Gromyko here Monday and diplomats speculate he may act as a go-between for U.N. Secretary-General U Thant's call for peace talks in Viet Nam.

A British embassy spokesman said today an appointment with Gromyko has been arranged for George Thompson, British minister of state for foreign affairs, company — a sort of home guard force — left the camp without their weapons.

He will fly back to London after the meeting.

Proposed by Thant

Johnson Silent on Asian Peace Talks

WASHINGTON (AP) — The Johnson Administration was officially silent today about proposals for a negotiated settlement of the Viet Nam war. The official appeared chilly.

Officials said privately the United States has never ruled out peace talks and that it is up to North Viet Nam and Communist China to halt guerrilla attacks on South Viet Nam.

Besides, there is no optimism here that the one-day lull in terrorist attacks in South Viet Nam will have any lasting significance.

Too Expensive
Still, there is hope that the Communists will come to regard their attacks on South Viet Nam as too expensive an undertaking to run the risk of further reprisals and will decide to coexist peacefully with their neighbors.

Officials maintain the United States could not discuss terms that would amount to surrender of South Viet Nam to the Reds. As one high source put it: "If they want us out of South Viet Nam, a good way would be to call off their guerrillas and leave the country alone."

Secretary of State Dean Rusk has expressed a similar view repeatedly.

Thant Proposal
White House press secretary George E. Reedy refused to comment on a proposal by U.N. Secretary-General U Thant Friday that both sides in the Viet Nam conflict begin talks preparatory to negotiations.

Thant had said in a statement:

Warehouse in Saigon Ruined By Explosion

Spectators Block
Streets Leading
Into Compound

SAIGON, South Viet Nam (AP) — A military warehouse used for storing oxygen tanks blew up this evening, casting a pall of smoke over Saigon.

Most of Saigon's fire brigade was called out to stem the flames because of fears the fire might engulf several other oxygen sheds.

The explosion was inside one of Saigon's main Vietnamese military compounds, in a one-story concrete warehouse.

Authorities declined to say whether they thought sabotage was involved.

There were no reports of serious casualties. Only one American adviser worked in the compound and he was not hurt.

Streets Jammed
Tens of thousands of spectators on foot and on bicycles jammed streets leading to the compound, blocking movement of emergency vehicles.

All of Saigon is jumpy with expectation of new Viet Cong terror bombings, particularly in view of this week's air raids on Communist North Viet Nam.

Earlier today, planes dumped tons of leaflets over the city, giving details of the air raids and explaining to the people why they were carried out.

Along with the jitters over possible return strikes from North Viet Nam, a twin-engine airplane that failed to file a flight plan put the newly installed U.S. Hawk antiaircraft missile battery to a test at Da Nang air base north of here Friday.

The plane proved to be friendly, but not before causing a combat alert.

Results of Steel
Union Voting Is
Still Unknown

PITTSBURGH (AP) — The United Steelworkers election drifted almost to a standstill today with both candidates for president still predicting victory.

The steel industry, meanwhile, said the inconclusive election has had no effect on orders.

I. W. Abel, the union's secretary-treasurer, shut his Chicago campaign headquarters Friday night, confident he had unseated incumbent David J. McDonald.

McDonald, steelworkers president for 12 years, said at a news conference in Pittsburgh that he would be returned to office but declined to predict his victory on the basis of figures he had tabulated.

Production at the nation's steel mills is continuing at a rollicking pace, companies reported.

Navy Mapping Ocean
Floor in Search of
Shattered Plane Parts

NEW YORK (AP) — Navy and Coast Guard vessels slipped through the swelling sea and swirling fog, their electronic gear probing the ocean floor for pieces of the shattered plane that carried 84 persons to death in the Atlantic Monday night.

The center of attention Friday was the screen of the Navy tag Allegheny's underwater television equipment. On board study-

ing the pictures from the video tape were experts from the Civil Aeronautics Board, Columbia University's Hudson Laboratory and Eastern Air Lines.

The Allegheny picked its way through the fog, taking underwater pictures from which scientists could map the ocean floor and the scattered wreck of the Eastern Air Lines DC-7B.

Air Force Officer Avers

PHOENIX, Ariz. (AP) — An Air Force officer home on leave from Saigon says the Vietnamese are losing spirit in the struggle with the Viet Cong and have doubts concerning the U.S. role in the war.

Lt. Mike Vivien, 27, on 30-day leave after three months in South Viet Nam, said Friday: "I could not be honest and say the South Vietnamese have an optimistic attitude."

The soft-spoken career officer and father of two young children asserted, "It's not

easy to live and do nothing but fight." He said some Vietnamese officers have known nothing but war all their lives.

Describing combat conditions Vivien said, "You really can't defend the bases. There is no physical way to telling the Viet Cong from Vietnamese."

In many cases, he said, it is easier for the poor farmer to be a Viet Cong than an open supporter of the government.

"That's when the Viet Cong kill the head of the family,

Full-Scale Probes Possible

House Committee Checking Ku Klux Klan and Muslims

WASHINGTON (AP) — The House Committee on Un-American Activities is looking into the possibility of investigating the Ku Klux Klan, the Black Muslims, George Lincoln Rockwell's American Nazi party and the Minutemen.

The action was authorized unanimously at a closed meeting of the committee several days ago.

A resolution, not yet made public, called on chairman Edwin E. Willis, D-La., to continue preliminary inquiries into matters that had been brought to the committee's attention.

The resolution named no organizations, but, it was learned, discussion at the meeting left no doubt that the four organizations were the ones concerned.

Committee Rules
A source familiar with the committee's rules said the resolution is significant because while the chairman has standing authority to assign staff to preliminary checks, a full investigation may be undertaken only by committee vote. The full membership of the committee, M. Tucker, D-Va., Joe R. Pool, D-Tex., and John H. Buchanan Jr., R-Ala.

Another member, Democrat Richard H. Ichord, is from the border state of Missouri. The committee necessarily would order an actual investigation and said that hearings, even if agreed on, could not be held without long advance preparation.

Since World War I the committee has given practically all its attention to left-wing groups. The first suggestion that it might broaden its scope came when Rep. Charles Welliver, D-Ga., one of the few Southerners who voted for the new civil rights bill, won appointment to the committee and then called in a speech Feb. 1 for an investigation of the Klan.

Many Southerners
The majority of the committee members are Southerners. In addition to Willis and Welliver, they include Reps. William M. Tucker, D-Va., Joe R. Pool, D-Tex., and John H. Buchanan Jr., R-Ala.

Viet Cong Flag Hoisted Above Federal Building In San Francisco Rally

BY ANTOINE YARED

JAKARTA, Indonesia (AP) — A Communist-led mob shouting "crush America" marched on the U.S. embassy in Jakarta today as protests against U.S. air strikes in North Viet Nam spread to other parts of the world, including Paris and San Francisco.

About 500 members of the Communist party youth wing marched in front of the embassy in Jakarta for about a half hour. They dispersed after five of them presented a petition to a staff member. The embassy was closed for the weekend and only a few diplomats were on duty.

Riot police armed with rifles and wearing steel helmets surrounded the embassy building. There was no violence and no damage was done.

Reprisal Raids
The All-Indonesian Oil Workers Federation asked the government to expropriate foreign oil companies in a protest against the American reprisal air raids.

Paris police got rough with about 800 youths who heeded a Communist call to demonstrate in front of the U.S. Embassy there. They drove the demonstrators away from the embassy building, then grappled with some of them in a running fight along the Seine.

The youths chanted "Johnson assassin!" and "Peace in Viet Nam!"

Witnesses said at least 10 policemen suffered cuts and bruises when struck by stones, beer bottles and other missiles.

Arizona Boy
Finds Part of
Robbery Loot

ST. DAVID, Ariz. (AP) — Harold Judd, 13, ran home Friday with a fist full of dollar bills.

"There's plenty more out-side!" he shouted to Mrs. Harold Grant, his mother.

Mrs. Grant called sheriff's deputies who found \$81 dollar bills strewn along a ditch by U.S. 80. Some were wrapped in a copy of the Eagle Rock (Calif.) News-Herald.

In Los Angeles, sheriff's officers said one of three or four men who robbed an armored car in East Los Angeles is believed to have lived in Eagle Rock, a suburb of Los Angeles.

The holdup loot amounted to \$110,000. Two men have been arrested in California for questioning.

Cold Front Moves In

Temperatures Hinder Job of Snow Removal

BY THE ASSOCIATED PRESS
Cold weather zeroed in on the snow-covered areas from the eastern Rockies into the north central region today adding discomfort to the massive job of snow removal.

A mass of arctic air, clear skies and the heavy snow covering combined to drop temperatures below zero across sections of at least 10 states. The frigid belt covered areas of Minnesota, the Dakotas, Montana, Colorado, Wyoming, Nebraska, Wisconsin, Michigan and Iowa.

The mercury plunged to 26 below at Hibbing, in northern Minnesota.

Cold Belt
Two heavy snow storms hit most of the cold belt in the last week. The second was described as the worst in many years in some states.

The storm forced hundreds of schools to close, stalled thousands of cars and jammed traffic.

Trial Ordered In Beating

One Admits Charges, Other Defendant Denies Two Counts

Trial has been set for April 8 in Outagamie County Court Branch 2 for a rural Shiocton man who pleaded innocent Friday to charges stemming from the beating of an Outagamie County sheriff's department employee who offered to drive him home in a blizzard Thursday.

Benjamin D. Schinke, 25, route 1, Shiocton, is being held in the Outagamie County Jail in lieu of \$1,100 bonds.

A companion, David J. Heuer, 22, route 1, Bondel, pleaded guilty of disorderly conduct and resisting an officer and is ordered held for a presentence investigation until sentencing in July.

Rav Klein, 51, the county Huber law officer, charged both men with disorderly conduct and resisting an officer after the men brawled with him near Nichols Thursday night.

Klein had offered the two a ride to relatives' homes near Nichols after he saw the car being driven erratically during a snowstorm Thursday. He let one of the men out at a relative's home and was struck by the other. Both men then joined in the fighting, Klein said.

Movie on Vocations Set for Holy Name

A film sponsored by the Serra Club will be shown at the breakfast meeting of the St. Joseph Holy Name Society after the 8 a.m. mass in St. Joseph Catholic Church Sunday.

The movie will stress the need for vocations and encourage proper attitudes toward a religious life.

Members have been asked to invite their sons to participate in the corporate communion and breakfast meeting.

Peterson Quits His GOP Wisconsin Chairmanship

Appleton Man to Finish Term In May; Will Not Run Again

About 150 Republicans heard their state chairman say Friday night that it will be impossible for me to seek re-election next May when my term expires.

Talbot Peterson made the announcement of his impending retirement as GOP state chairman at the Outagamie County Lincoln Day dinner.

Peterson began his remarks by saying, "I am not retiring as a headline to a headline in the Post-Crescent said to the night." Peterson told the group working press. You often hear later, however, that he would not seek another term in the job.

The past 20 months certainly have been interesting ones," he said, "but I wouldn't say they have been the easiest 20 months. One could have served as a lack of understanding of politics."

At the end of May," he said, "the executive committee will elect a state chairman. The party should consider making Waukesha, who repeated at the job of state chairman a full-speech he gave to the Winnetime job. Recent history has proven that this job is a 14 to 18 hour job, seven days a week during campaign periods."

We also know," Peterson said, "that states like New York, Ohio, Pennsylvania, Indiana, Michigan, and Minnesota have discovered this fact and have tried to solve the problem by the employment of full-time paid state chairmen."

From my own experience," he said, "I feel this is what the Republican Party of Wisconsin requires. I am hopeful that this matter will be given serious thought in months ahead."

It is obvious that no man who is interested in his business career can long pursue the more than 75 persons. Father course of state chairman at its Burkart said this figure represents a gain of more than 10 per cent over 1963.

Black Creek Authorizes Sewer Easement Plans

System to be Installed on Properties Adjacent to Reconstructed State 47

BLACK CREEK — The Black Creek Village Board Monday night authorized the Phillips Engineering Co. to draw up storm sewer easements for properties which will be adjacent to reconstructed State 47. The sewers will be installed next summer.

The board also authorized the company to draw up specifications for surface water sewer installations on Pine Forest, Burdick and Clark streets.

The price of water and sanitary sewer extensions was raised from \$1.25 to \$2 per frontage foot by the board.

Approves Test Well Report.

The board authorized purchase of the property where a test well was completed by Malcolm Veitch of Seymour. The board accepted Veitch's report and authorized him to cap the hole.

The board referred for study to the ordinance committee a letter from the county planning committee requesting the village to accept the planning committee's zoning ordinance.

Salary increases were approved for four village employees. The clerk's salary was raised to \$1,000 per year, the treasurer's to \$2,000 per year, the assessor's to \$300 per year, and Constable

New London Men Forfeit Bond on ID Card Counts

NEW LONDON — Two New London men forfeited \$38 each in Municipal Justice Court Friday on disorderly conduct charges brought because of two copies of state identification cards police said they made.

City police said Peder Culver, 20, 603 E. Beacon Ave. and David Pieper, 22, route 1, participated in the making of two blank identification cards about Sept. 15. The cards were given to two New London youths, who in turn filled them out and were caught by Madison police last month when they tried to use them.

Police Chief Jack Algiers said the police have determined only two of the cards were made

Washington High School

Expanding English Studies at New London Updates System

BY ROGER PITT
Post-Crescent Staff Writer

NEW LONDON — A major expansion of the Washington High School English department over a two-year period is the latest in a number of moves by the Board of Education to update the school curriculum and offer the students the best possible educational opportunity.

Previously approved were a job opportunity survey and scheduling of an electronic data processing program and an on-the-job training program both to be initiated this spring.

The change in the English department will have the widest reaching effect on the students as it will include all of them for at least one year.

Board approval was given for the addition of journalism and creative and expository writing for seniors next year and the addition of 10 other courses in the ensuing year. They will include current English usage, language studies, general reading, American literature, English literature, vocational English, business English, general speech, discussion and debate and dramatics.

Suited to Talents

John Lehman, English department head, said the idea was to offer the students a number of courses so they may choose the program which best suits their plans and abilities. The feeling is that it is better to have each student get one good English course than four mediocre years of English.

Lehman said in the past three

City Stadium Seating Will Be Increased

Post-Crescent News Service

GREEN BAY — Seating capacity at City Stadium will be increased to 30,000, it was decided this week at a meeting of the executive committee of Green Bay Packers, Inc. with general manager coach Vince Lombardi. Work will be completed in time for the 1963 season.

Accepting bids for the construction at the meeting, the committee announced that all Fleaher-type temporary seats in both end zones will be removed. All of the 50,500 seats will be permanent. The stadium has approximately 38,600 permanent seats and about 3,200 were temporary.

The new addition increases the capacity of the stadium by nearly 8,000. The present capacity was 42,327.

The south end will be closed in giving the stadium a horse shoe effect and some extensions will be made to the north end.

MADISON — The Coordinating Committee for Higher Education politely but firmly and with considerable vehemence Friday voted to stand by its guns after being challenged by Gov. Warren P. Knowles about the adequacy and realism of its plans for the development of higher education in Wisconsin.

In a 39-page memorandum painstakingly put together after hours of deliberation, the Committee in effect told a skeptical new chief executive that it will retract none of its earlier proposals for expansion and extension of higher educational services, including its endorsement of a new four-year institution somewhere in the Fox River Valley.

But the Coordinating Committee appeared to make a concession to the Knowles point of view when it modified and liberalized its earlier and earlier endorsement of the idea of a community college plan for the state.

The community college, as defined in committee discussions, would embrace college transfer, academic teaching and technical and occupational training in a single educational institution by endorsing a plan to

Whether the committee reply to a series of penetrating and critical questions by Knowles six weeks ago will satisfy the governor is not certain. He has talked about setting up a commission for the drafting of a long-range master plan for higher education if the committee's plans are not acceptable.

Family of Five Gets Breakfast At Courthouse

Arrive in Storm To Seek Aid From Welfare Department

A town of Vandenbroek family of five who drove to the Outagamie County courthouse seeking help from the welfare department then ran out of gasoline had a gratis meal in the county jail Friday morning before being turned over to welfare authorities.

Jailors said the Dale Calkins family with three children and an infant was in the courthouse corridor about 30 a.m. when the jailors arrived to change shifts.

The family said they had planned to wait for the welfare department to open and to seek grocery aid and some welfare money. Calkins said he was out of work and out of money.

Promised a Job

He indicated he had been promised a job out of the county and had moved his family but the job did not materialize. He said the move had left him with no money for fuel. He said he had left his home in a trailer and drove to the courthouse this morning.

Jail workers took the family upstairs and found them in a room where welfare work is done.

The county welfare department turned the case over to the Appleton relief authorities who made an investigation and determined the family should be returned to Vandenbroek authorities for help.

Provided Gasoline

West City Relief Director James Coleman said however he provided gasoline for the family car so they could return to Vandenbroek.

George Kroes, Town of Vandenbroek chairman, said the town will provide temporary relief and groceries and the family will be returned to it when they are home. He said he planned to have the family pay for the county welfare bill.

Private Institutions

Gov. Knowles had asked what was given by the Committee planners in their expansion blueprints to the services of private institutions in higher education.

He was told the private schools have been taken into account carefully but that all studies indicate their facilities will fall far short of permitting them to absorb the usual share of freshmen admissions in future years. Although they have expanded they will be able to receive only 10 per cent of new Wisconsin freshmen students by 1970, the governor was told.

Coordinating Committee planning of the number of new four-year opportunities and the expansion of existing opportunities proceeded on this assumption, the report to the executive office said.

Moreover, said the committee, planning must also take into account the ability of a particular private institution to accommodate the increasing demands for higher education in its own locality.

Public institutions are planned for communities having private institutions only when it is clear the private institutions cannot expand their enrollment capacity rapidly enough to serve the increasing demand or when it is clear that the costs of attendance at the private institutions prove prohibitive to a substantial number of students. It was said with an apparent reference to the private colleges of northeastern Wisconsin.

Brillion Council Accelerates Well Development Program

New Source of Water Will be Developed to Avert Shortage

BRILLION—Acting on a Utility and Planning Commission recommendation the city council decided this week to accelerate its well development program.

The city's two existing wells are being pumped almost continuously to meet current needs. Normal usage increases generally experienced during the summer would tax the facilities to their limits and probably result in a water shortage, the council learned.

Mayor Clarence Wolf outlined two plans. An anticipated expenditure of \$60,000 would be needed for a well and pumping station but council members seemed to favor a well pumping station, reservoir and water softening equipment for an estimated cost of \$100,000.

A public hearing will be held at 8 p.m. March 8 on Everett Schwalbe Jr.'s request to have his Custer St. property rezoned from residential to multiple family.

The planning commission's recommendation to add four new streets and delete one on the northeast side of the city will be aired at a second public hearing at 8:30 p.m. March 22. If approved, the plan will open up a residential area for one family dwelling and would necessitate changing the official city map.

City clerk Lynn Williams reported that \$78,307.87 including \$8,065 postponed taxes or 34.8 per cent of the total tax roll of \$224,484.26 has been collected.

In other council action, members authorized the purchase of certificates of deposit with the \$50,000 in the general city fund. This surplus money will earn 3 per cent interest for 6 months or \$750.

A soda beverage license at the Brillion Coin Laundry was approved.

Blacktopping, grading and oiling of new streets was discussed. The city has \$12,000 budgeted for this work. Bids will be opened March 22.

The city budgeted for 20 new street lights in 1965 and the purchase of 14 of these was okayed by council members. The fixtures to be installed will be 6,000 lumens each and will cost \$54 per year to operate.

Tikalsky Electric was awarded a contract to install lighting on the fire department sign at a cost not to exceed \$263.40.

In further council action, members adopted a plan to enter into a contract for \$7 per hour for leveling rubbish on the dumping area owned by Mobil Equipment Sales.

A Park Commission report read stated that additional trees will be planted in Horn Park this spring. The commission also discussed a diving platform for the swimming pool area and the purchase of playground equipment.

The mayor announced a special council meeting at 7:30 p.m. Wed. Feb. 17 to discuss engineering fees and assignments with McMahon Engineering Co. and to discuss proposed street lighting.

Four Charged With Beating

Appleton Disabled Veteran Recovering At Sturgeon Bay

Post-Crescent News Service

STURGEON BAY — Four Sturgeon Bay youths appeared Wednesday before Judge Edward G. Minor in Door County Court on charges growing out of the beating of an Appleton disabled veteran last Saturday night.

Juvenile court jurisdiction was waived in the case of three of the youths, aged 16 to 18.

The beaten man, Ervin Williams, 49, is recuperating from several broken ribs, a punctured lung and a scalp laceration. He has undergone emergency chest surgery.

Williams, a World War II and Korean veteran is retired and living in Sturgeon Bay on a disability pension.

Chief of Police Romaine Londo said Williams was assaulted by the four youths about 7 p.m. Sunday at the rear of the hotel where he was staying.

The three juveniles were charged with battery, aggravated battery and injury by conduct regardless of the life of another.

Charges Made
They are Martin Joseph Phillips, 18, Ervin John, 18, and Clarence Olson, 16, a Sturgeon Bay High School freshman.

John Weideman, 20, has been charged with contributing to the delinquency of a minor.

Attorneys were appointed by the court for the four who will be arraigned on the charges later this week.

Police said robbery was apparently the motive but nothing was taken from Williams. He made his way back inside the hotel after the beating.

CHILTON — The Chilton tigers suffered their fifth loss in the Eastern Wisconsin conference as they were upended by Kiel 71-64 in league basketball action Friday night at Chilton.

Other action around the league ran true to form with New Holstein winning over Valders 87-62. Plymouth over Oostburg 59-46. Sheboygan Falls over Brillion 91-78 and Kohler over Elkhart Lake 70-57.

The Chilton squad fell behind right at the start trailing 10 to 4 before staging a comeback that gave them their only lead of the night at 14 to 12. From then on it was the balanced scoring of Kiel with their five starters going all the way that brought the Riders their sixth conference win.

Al Whitby was the Tigers high point getter with 20. Jerry Lodes, Leroy Schindkofer and Don McHugh chipped in with 12, 10-10 totals respectively. For the balanced Raider, Barry Thiel led the way with 19 points.

The Brillion Lions put up a good fight before going down to defeat at the hands of Sheboygan Falls 91-78.

Mark Christenson was the individual standout in the game as he hit on 14 of 18 field goal attempts and added 2 free throws for a 30-point scoring effort. Jack Richardson added 19 for the Falcons.

For the Lion, John Lindner led the way with 21 points. Jim Ross with 19 and John Haun with 15 points were the other Lion club scorers.

The defeat leaves Brillion tied for ninth place in the standings with their 3-8 record while Sheboygan Falls with the weak ever undisputed third place.

The top individual performance of the conference was turned in by Francis Schmitz of the New Holstein Huskies with a 31 of 42 points scored in the 40-minute game. He led his team to a 65-52 victory over Valders.

Schmitz hit 13 of 14 point shots on 10 field goals and 23 of 31 free throw shots. He was the only Huskie to score in double figures. The win kept the New Holstein team in first place with a 10-1 mark while Valders slipped to a fourth place with a 6-5 record.

For the Vikings, Dennis Scheidt was the leading scorer with 14 points.

Other scores found the second place Plymouth Panthers holding Oostburg to an unbelievable total of 13 points in the first half to go on to win 59-46. Don Resmus led the Panther scorers with 14 points. For the Sherman Salverson at 1:30 p.m. Thursday. The Ruth and Bob DeGruy each scored 6 points in the lower 11 auditorium of the church.

The experiment being conducted in a rotating room at the Naval School of Aviation Medicine at the Pensacola Naval Air Station is part of the National Aeronautics and Space Administration's long range study to determine requirements for artificial gravity that may be encountered in a space environment.

HONG KONG (AP) — Agents have found another ton of narcotics on a Hong Kong chicken farm where almost two tons of opium and morphine were seized in a raid last week. The total haul to date is 5,800 pounds of opium and 386 pounds of morphine.

Record 'Ringo' Surprise Hit for Lorne Greene

Star of TV 'Bonanza' Can't Figure It Out; 800,000 Copies Sold in U. S.

BY BOB THOMAS
HOLLYWOOD (AP) — How could a 46-year-old actor manage to produce a hit record in the teen-age jungle of today's pop music world?
Lorne Greene isn't questioning it; he's just banking the money and enjoying the whole thing.
The amazing success of the record "Ringo" is one of the many pleasant happenstances that have occurred to Greene in recent years.
Headed for Million
"Don't ask me about 'Ringo' because I can't figure it out," said the star of television's top-rated hour, "Bonanza." "All I know is that it has already sold over 800,000 copies and that's merely in this country. It's apparently going wild in Australia, too.

TV Special Takes Look Into Future

BY TV SCOUT
7:30-8:30 (Channel 11)—Some of the most exciting crystal ball gazing ever offered on television turns "The Way Out Men" into one of the most provocative documentaries of the season. RCA Victor released the number one in a series of 3M Specials, narrated by Van Heflin and produced by David L. Wolper. It's an hour full of speculation and wonder by some extraordinary scientists, psychiatrists, architects, artists, astronomers and physicians who peer unflinchingly into the future.
PREMIERE
8:30-7 (Channel 4-5). There's a touch of Moby Dick on Flipper when our happy porpoise hero disappears for days and then suddenly is found splashing with a new playmate—a handsome, white dolphin (COLOR).
8:30-7:30 (Channel 11)—If you like old-time music sung in an old-fashioned setting then don't miss The King Family, as they pitch nostalgic tunes from yesterday.

7-7:30 (Channel 4-5)—It's about time a little romance began to complicate the widower life of Kentucky Jones. In "Two Ends of a Stick," Nancy Gates a spirited filly of a horsewoman, hires Kentucky (Dennis Weaver) with higher hopes of having him train her prize mare plus snaring him in the winner's circle.
8-9 (Channel 2)—There are no big name guest stars on The Entertainers, but this doesn't keep the session from being inventive and full of interest. The regulars have special valentines in store.
8-10 (Channel 4-5)—"Betrayed" on Saturday Night at the Movies is a fairly engrossing and highly romantic drama about the Dutch Resistance during World War — starring Clark Gable, Lana Turner and Victor Mature. A 1954 release from MGM (COLOR).
8:30-9:30 (Channel 11)—Again George Burns is the singing host of The Hollywood Palace. Nimble-footed guests are Connie Stevens, Wayne Newton and the Greenwood County Singers.
9-10 (Channel 2)—"The Singers" on Gunsmoke takes advantage of Theodore Bikel's fine folk voice and acting talents as he portrays a wandering baladeer who refuses to tell of his past or why he thinks he is doomed.

North Viet Nam and its Asian Communist allies continued to condemn the U.S. strikes. Communist Chinese and North Korean newspapers carried front-page stories attacking the United States.
The Central Committee of the National Liberation Front of South Viet Nam, the official name for the Viet Cong, sent a message to its units congratulating them on the Feb. 7 attack on U.S. installations at Pleiku which touched off the air raids.
The message called the attack a major victory of important significance.

Police Battle Leftist Rioters In Malaysia

KUALA LUMPUR, Malaysia (AP) — Riot police reinforced by heavily armed soldiers and helicopter support battled leftists who stormed the downtown section today, demanding overthrow of the Malaysia federation.
One mob of about 200 youths marched on the U.S. Information Service library, smashing windows with poles rocks and by hurling a bicycle into the building.
Tear gas barrages pushed back the demonstrators and police erected barbed wire barricades at key intersections. Soldiers with fixed bayonets and automatic weapons manned the barricades.
Downtown streets were cleared after several hours and an emergency curfew was clamped on the heart of the capital. Major thoroughfares were deserted.
The government radio broadcast warnings for all persons to stay indoors. The cabinet of Prime Minister Abdul Rahman met in emergency session.

Bundy's Report on Viet Nam

Once again it is hard not to come to the conclusion that the United States government is avoiding the truth in discussing the war in Viet Nam.

The latest envoy to go from Washington to Saigon to find out for the President how everything is going and why, is McGeorge Bundy, special assistant to the President for security. After a weekend in Viet Nam, Bundy reported to the President and the National Security Council. Then he held a news conference and gave a television report as well. He indicated that the whole matter was practically solved.

Bundy praised the South Vietnamese army, the "impressive" American military assistance, the attacks on North Viet Nam by American and Vietnamese air forces, Ambassador Maxwell Taylor, General Nguyen Khanh, and "the strong force working toward the establishment of an effective, stable government." He found the Buddhists to be in agreement with "other leaders who believe that the Communists represent the gravest kind of danger to the freedom and future of South Viet Nam." Apparently Bundy found nothing wrong anywhere and we must wonder why he thinks there is any trouble over there at all.

This is practically the same line that Secretary of Defense Robert McNamara used in his news conferences whenever he returned from his various fact-finding trips to Saigon to see why the war hadn't been won long ago. The last time McNamara came back, however, he suggested that it would be a long war which may explain why Mr. Bundy went this time.

There are several strange things about the recent episodes. Bundy says he doesn't think the 81-mm mortars used by the Viet Cong in the attack on Pleiku were American-made although a Pentagon spokesman said "an almost inescapable conclusion" is that they were because no other army in the world uses that caliber.

Bundy also insisted "categorically that actions taken by the United States were taken after the Pleiku incident." Then he temporized a little. "Let me make one correction—we were not in any sense on the way but contingency planning is a different matter."

Reporters have noted that the aircraft attack carriers of the Seventh Fleet were assembled in the best strategic area for the purpose of the raid on the northern bases announced as "retaliation" for the Pleiku raid which killed at least seven Americans and destroyed a lot of American air equipment on the ground. It is quite logical, of course, that the raids had been planned in advance and the Pleiku incident gave us an even better excuse for the forays. In fact, quite by accident, this may have been a pretty good propaganda effect to indicate what will happen when the Viet Cong attack Americans in the future. It also could just have been a lucky break that the aircraft carriers were where they were and their situation could have prompted the successful bombings after Pleiku.

But if there was any suspicion that the Viet Cong were going to step up their attacks sort of in honor of Kossygin's visit to Hanoi—and this should have been carefully considered—what happened to the security at Pleiku? Secretary McNamara says all sneak attacks cannot be guarded against—obviously they then no longer would be sneak attacks. But the lack of security at Pleiku, apparently by both Vietnamese and Americans, appears disgraceful in a country where these episodes are happening all the time.

As long as our envoys to Viet Nam keep coming back to spoon out the same old pap that everything is just fine, Americans are bound to be suspicious and resentful. All of Southeast Asia appears in danger of falling to the Communists, one way or another, and saying it isn't so convinces no one including the Southeast Asians.

Goldfarb Beats Notre Dame

Last December a judge enjoined 20th Century Fox from showing the movie "John Goldfarb, Please Come Home" and the Doubleday company from distributing the book by the same name. Notre Dame University had sought the action because of the portrayal of the Notre Dame football team in what the university felt was an uncomplimentary light. But an appellate court has reversed the decision.

Aside from the humor over the whole matter, felt by almost everyone except Notre Dame officials, the remarks of the court are worth noting.

Notre Dame had objected to the part of the film which shows alleged members of the Notre Dame football team, brought to a mythical Arab country to play a team controlled by the local sheik. The team members are wine, dine on roast mutton, and given an opportunity to dally with dancing girls. As a result they are thoroughly befuddled on the field the next day and the sheik's team is victorious. According to Notre Dame, the use of the "name, symbols, football team, prestige, reputation and goodwill" of the University was contrary to the General Business Law which prevents the unauthorized appropriation of well-known names or symbols.

But other court decisions cited by Notre Dame were not considered as similar enough, according to the appellate court. They include the attempt to sell "Cornell bread" and advertise the "Columbia Education Institute" although neither had any relationship to the well-known universities. "There is no possibility whatever" that anyone could conceivably believe that references to Notre Dame and its football team were serious, said the court, or that the movie or book was sponsored in any way by the University.

That ought to make Notre Dame officials, the coach and members of the team feel better about it all. Out of curiosity now they might even go to see the movie. A lot of other people certainly will.

Speed Limits and Safety

The Wisconsin AAA has presented a 12-point traffic safety program to the state Legislative Council generally supporting the program submitted by Governor Knowles and adds a few new points. But there is one suggestion by the AAA which is unique and particularly interesting.

Point 4 reads: "That more emphasis be given to the realization that the driver who is going too slow for traffic, thus causing numerous passing movements, creates a serious traffic hazard."

The AAA also published a series of points not requiring legislation but which need public support and one of these declares that "much more emphasis should be placed on encouraging all drivers to keep pace with the flow of traffic."

Wisconsin statutes make no provision whatsoever for drivers who creep along main highways. Such a driver can be prosecuted for obstructing traffic but it is extremely rare when traffic patrolmen act in such a situation.

The maximum speed limits prescribed by Wisconsin law are obsolete. They take

little recognition of such factors as the importance of moving traffic on main arteries leading into cities, the width and condition of roadways or differences between residential and commercial or industrial development along the roadways. The standards set in the statutes for determining speed limits result in completely nonsensical regulations in some cases.

There is nothing which encourages violation of laws more than obvious inequities or contradictions. One state legislator remarked recently that the best step the legislature could take to improve highway safety would be to repeal the state's speed limits entirely and rely on enforcement of regulations against reckless driving or driving too fast for conditions.

The legislature should take a hard look at the antiquated statute on speed limits. It should consider imposing minimum limits on main traffic arteries.

At the very least, recommended driving speeds should be posted on such arteries and drivers who depart significantly from that speed in either direction should be arrested.

Is Vietnamese War Now Going To Spread Into Laos, Thailand?

BY RICHARD F. NEWCOMB
AP News Features Writer

What is it to be in Viet Nam—slowdown or showdown?

Whichever side you take, it does appear that a major turning-point is near in a power struggle that has been slowly escalating for four years. One side or the other, or both, seem due for a major move.

With Soviet Premier Alexei Kossygin in Hanoi, and McGeorge Bundy carrying President Johnson's word to Saigon, the time may be close at hand.

Predictions run the gamut. Will it be settlement by negotiation, or will it be big war, spreading across Laos and into Thailand?

It may be stalemate in South Viet Nam, but there are strange rumblings up in the hinterlands of Laos, where the Communists have been spilling down from North Viet Nam.

SOURCE OF CONCERN
Washington says the Red buildup in Laos is a source of concern, but not of alarm. Hanoi says there is no buildup, that such talk is "a plain lie and a groundless allegation."

In the next breath, Peking radio accuses the United States of aggression against the Pathet Lao, the Communist forces in northern Laos. Says the radio: "Aircraft of the United States and its satellites from air bases in Laos, South Viet Nam and Thailand, and from aircraft carriers of the U. S. Seventh Fleet have dropped daily without intermission thousands of tons of bombs and rockets on different liberated (Communist-conquered) areas under the control of Pathet Lao in upper, central and lower Laos, causing countless deaths and misfortune to the civilian population."

It was not until last Nov. 18 that Secretary of Defense Robert McNamara disclosed that American planes had been flying over Laos since that previous May. He said that Laos government permits the flights "to gather information on infiltration of North Vietnamese troops and material into Laos in violation of the Geneva accord of 1962."

But some of the "reconnaissance" seems to be pretty active. Peking radio said six United States jets strafed and bombed Tchepone in Laos on December 21, and that two American planes were shot down the same day in Xieng Khouang province of Laos. Tchepone is on the Ho Chi Minh Trail, down which come men and supplies for the Communist war in South Viet Nam.

TWO PLANES LOST
On Jan. 13, fourteen U. S. jet fighter-bombers blasted a key bridge on the Ho Chi Minh

ion. Roy Johnson was named to the credit committee.

Arnold Fleming, Chilton area farmer who was an avid and expert sturgeon spearer for many years, got a white specimen of Winnebago's most famous fish that week. This one was 53 inches long and weighed 37 pounds. Another rare albino sturgeon he speared in 1948 was a 35-pounder.

Four members of the Wau-paca Lochs Curling Club taking part in the Women's National Curling Bonspiel in Boston were Mrs. Carl Turner, Mrs. Harold Dushek, Mrs. Ray Pinkerton and Mrs. Elmer Dushek.

Trail near Ban Ban in Laos, 30 miles from the North Viet Nam border. Two planes were shot down but the pilots were quickly rescued by helicopters. No one has yet explained how helicopters got there so quickly, far from known American bases.

But there seems little doubt of a strong United States "presence" in Laos and Thailand. Planes from U. S. carriers off Viet Nam fly regularly over Laos, and probably from South Viet Nam bases too, such as Da Nang.

Something called Air America, a Delaware corporation, reportedly operates everything from light planes to four-engine planes out of Bangkok, with mysterious bases elsewhere upcountry.

Bangkok reports an increase of Communist pressure by Pathet Lao forces in Phong Saly and Sam Neua provinces of Laos. A radio station calling itself the Voice of the People of Thailand broadcasts from there in the Thai language, stirring up trouble in northeastern Thailand. Caches of small arms and clearings in the jungle have been found on

the Thai side of the Mekong River.

The United States reports intensified Communist attacks in Sam Neua province of Laos, and that the village of Muong Huoa was on the verge of falling to the Pathet Lao. When nine T28 planes—described as half the Royal

Laotian Air Force—were destroyed by fire Jan. 24 at Vientiane, the United States quickly replaced them.

The Thai government has at least seven Mobile Development Units operating up near the Laos border. Each of these, led by military officers in civilian clothes, has American heavy equipment and about 150 men, working on roads, bridges and airstrips. Other groups, including so-called Special Operation Centers, watch the Laos border and at all times are in communication with Bangkok. The Thai Air Force has transports, fighter-bombers, helicopters and T28s, and bases in the northeast.

Slowdown or showdown, the United States "presence" is not far from Laos and Thailand.

Editor, Post-Crescent:

I thought you would be interested in knowing that the Certificate of Appreciation from the American Legion, dated September 18, 1964, has finally been placed in my hands. (I had to cancel my plans to be at the national convention in Dallas last fall to officially accept it.) The presentation was made at the annual American Legion National Security Conference Dinner held on February 6, at Bridgeport, Connecticut. As guest speaker, I had an opportunity to comment on Americanism, and I have enclosed some excerpts from the speech—which I thought was well received by the nearly 250 members and guests.

The plaque, presented to me by Connecticut Department Commander, Hugh C. Graham, reads:

THE AMERICAN LEGION CERTIFICATE OF APPRECIATION

presented to
Dr. Gordon V. Drake
In recognition of the article he wrote which was published

in the Sunday POST-CRESCENT, Appleton, Wisconsin, March 15, 1964, pointing out the Need For More History Education in the Schools of the United States. This Certificate is presented this Eighteenth Day of September, Nineteen Hundred and Sixty-Four.

The Certificate is signed by Maurice T. Webb, Director, and Daniel J. O'Connor, Chairman, National Americanism Commission.

It is not ironic that what the American Legion recognized as a constructive act in promoting Americanism was considered by the "Administrative Team" of Wisconsin State University, Oshkosh, to be highly objectionable and destructive.

Educators need and appreciate the support of organizations such as the American Legion to help instill in our youth an understanding and appreciation of their American heritage, so vital to our nation's survival.

Dog to Hit-Run Driver

Editor, Post-Crescent:

After reading Mrs. Wolfinger's article Sunday, Feb. 7, about people hitting and killing dogs on road sides and not stopping, I thought I would let the public know what happened to our German Shepherd. We live on Z out of Kaukauna.

On Feb. 1 between 10 and 10:30 forenoon our German Shepherd dog was killed, driver never stopped. Dog had a collar on. Just a few minutes before she was playing and rolling in the loose snow in the yard which she liked to do.

Sometimes Even Most Experienced Politicians Commit Real Blunders

BY JOHN WYNGAARD

MADISON — Politicians are such interesting people, the observer in the bleachers is sometimes inclined to include, because so often they will commit blunders even more flagrant than the least of their constituents.

Wyngaard

One recent example may be the abortive demand of a usually perceptive state senator for a legislative investigation of the behavior of a youthful University of Wisconsin student editor. A second is the public solicitation by the Milwaukee County Democratic Organization of financial contributions from the registered lobbyists in Madison who are obviously courting the good will of the Democrats who rule one of the houses of the state legislature, including a powerful Milwaukee Democratic delegation.

It was Sen. Leonard who a fortnight ago announced in a flourish of press agency that he was demanding a University of Wisconsin Board of Regents inquiry into the political thinking processes of an independent student editor on the Madison campus, with the additional declaration that he would seek a legislative inquiry in the default of the regents' action.

NO RETREAT

One of the elementary rules of the politician in such situations is to keep open an avenue of retreat, when retreat becomes necessary.

That Sen. Leonard carelessly failed to do, with the result that when the regents defied him in politely expressed terms—as everybody knew they would do and had to do—there was nothing for him to do but to say the incident was closed. There was no chance whatever that he could have brought off a legislative investigation, given the current complexion of state capital politics. There would have been very little chance that he could have made good his threat even if his own political

party had complete control of the state government. Other Republican spokesmen obviously had no taste for his little publicity adventure. Indeed, it is a pretty good guess that many of them including some of them of considerably higher rank than is held by the state senator were acutely embarrassed by the whole affair.

It is one thing to show annoyance, or distaste, or even to criticize what Sen. Leonard finds a curious editorial policy of the Daily Cardinal. Many other persons will be inclined to agree with him. It is quite another to threaten the use of the power of government to censor such ideas. An imperishable liberty of the student, it may be hoped, is the right to take positions and to write articles and to make speeches that his elders will regard with disdain or dismay.

Sen. Leonard was booby-trapped by a man and a special political interest more sophisticated than is he. The chances are that he will be more wary in the future as he pursues his evident political ambitions.

THE DEMS

It is more difficult to ascribe a cause for the startling bid of the Milwaukee Democrats for money contributions from lobbyists, except that it may show an unbelievable naivete.

Aside from the technicality that lobbyists are sharply limited in how they can spend their money to influence people under a solemnly enacted law only a few years old, Chairman Steinberg of the Milwaukee party has shown a strange ignorance or indifference to the anti-lobbyist posture of his party over the years.

One of the favorite speeches of the campaigning Democrat, especially when the Republicans hold office, is the denunciation of the special interests and their hirings on the legislative sidelines.

But here is the leader of the biggest county unit of the state Democratic Party sending blanket invitations to all the lobbyists he could identify, and telling them as directly as he knew how that their financial response would be a way to make friends with Democratic lawmakers. It may be supposed also that he was surprised that his letter became public property almost before the ink was dry.

High Pressure Tactics of

Cookware Salesmen Scored

Editor, Post-Crescent:

I would like to bring to light the tactics employed by some cookware salesmen in the Appleton area. This situation is getting completely out of proportion.

It is evident that such salesmen feel the single or engaged working girl has a great deal of excess time and money on her hands. Let me assure them that this is definitely not the case.

I have been approached time and again by these salesmen; in a downtown restaurant, on College Ave. during the noon hour, and even while walking home after work. One particular incident prompted me to speak out about what has become a source of annoyance to me and many of my friends who find themselves in a similar position. I was standing on College Ave., waiting for my bus. A man walked up and introduced himself as the representative of a cookware company. No assurances that I was neither interested nor had the time to discuss his product were sufficient to dissuade him. I finally had to leave him standing there without finishing his sentence or miss my bus.

Evidently the single or engaged young woman is considered a good prospect. However, I strongly feel that no

company or its salesmen must use such methods in order to acquaint the public with their product.

If a young woman agrees to a display of the salesman's wares, she can figure on a lengthy sales talk which consumes anywhere from one to two and one-half hours. The purchase price of the products displayed can run into the hundreds of dollars and yet, the salesman cannot understand why the young woman would hesitate about purchasing his entire set of cookery.

No matter what merit a product may have, it is overshadowed by the high pressure and persistence of these salesmen. I am tired of being pestered at home and on the streets. If and when I want to buy a set of cookware, I can go out and purchase it in a store or through a catalog. I do not need a two hour demonstration.

Therefore, in conclusion, let me say that the working girl, single or engaged, is a competent shopper. Because she is working, she has an appreciation of a dollar's value. If she wishes to buy a product, she is capable of purchasing it. She does not want to be pursued unceasingly about a product that she may not be interested in seeing.

The President certainly keeps everybody confused. First he tells Congress we need more education, then he says we should abolish the electoral college.

Was it quite wise, though, to appoint Nicholas Katzenbach attorney general? Do we want to put our law enforcement in the hands of the Old Nick?

James Leads Shawano Past Ghosts, 68-54

Scores 28 Points As Indians Capture Fourth Win in Row

BY ED VAN BERKEL

KAUKAUNA — The Shawano High School Indians scored their fourth straight conference win here Friday night with a 68-54 triumph over a cold Kaukauna quintet.

While the Indians were hitting at a 48 per cent clip for the game, with 23 of 54 field goals, Kaukauna made good on only 20 of 66 tries for 31 per cent. The Indians jumped off to a lead within five seconds after the tip and were never headed.

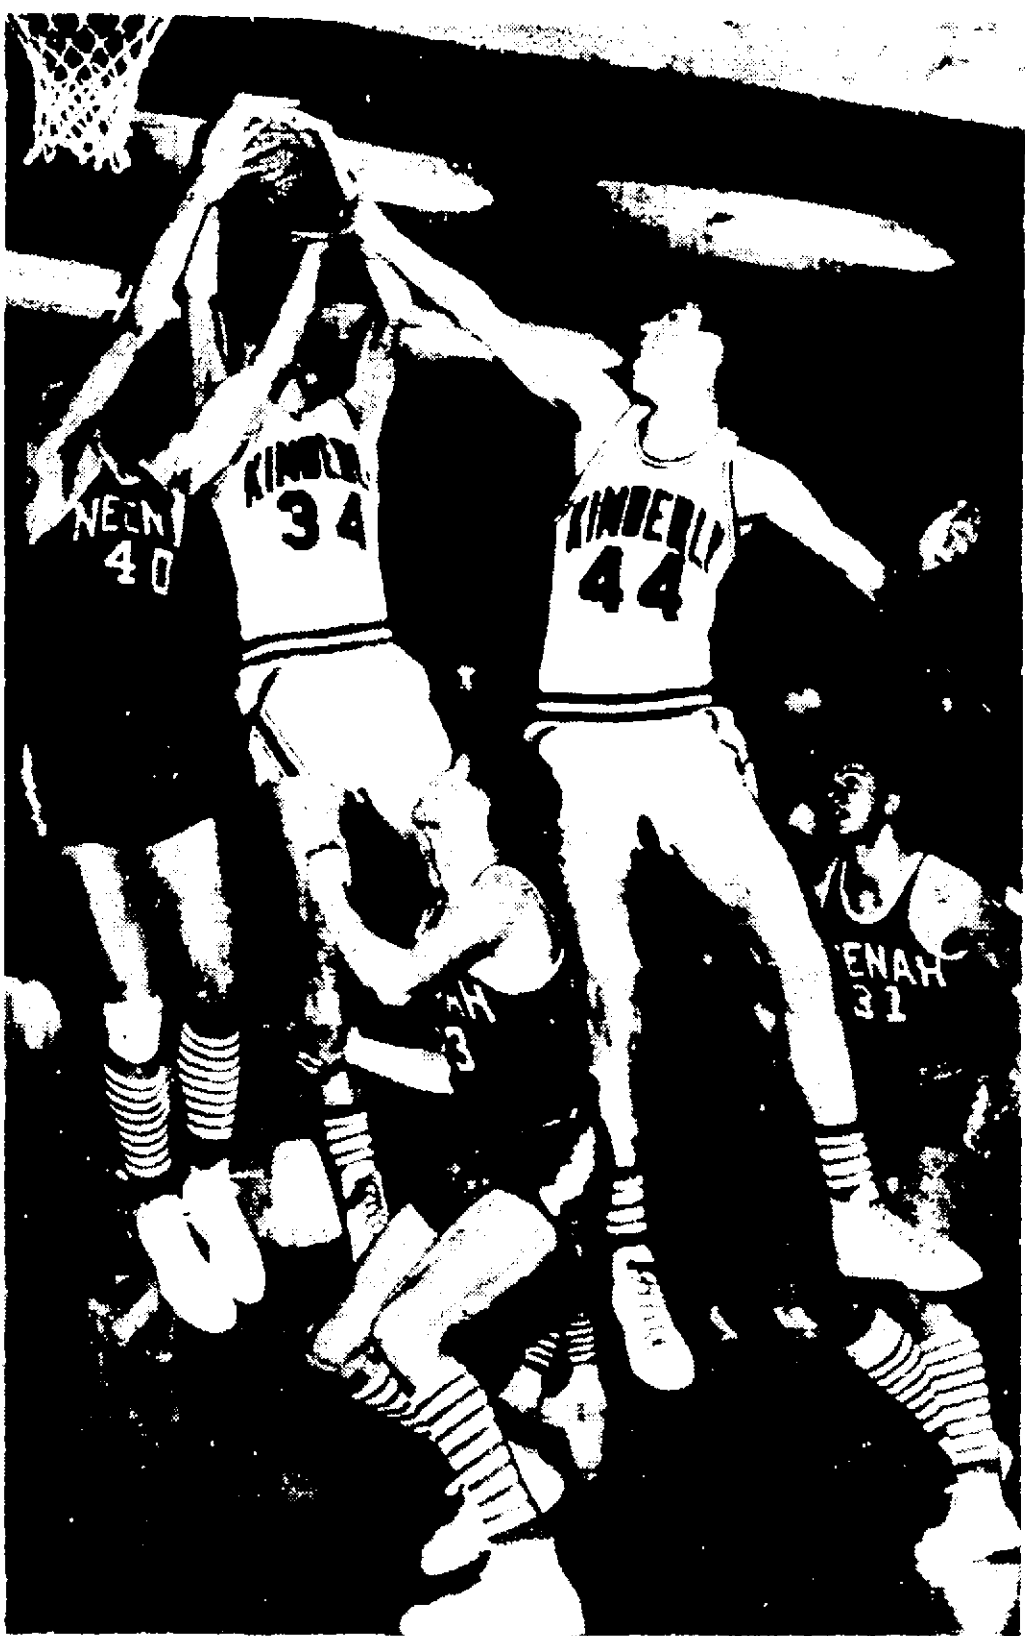

The outside shooting of Vaughn James proved too much for the Ghosts as the fancy guard exhibited a deadly eye and ran up 28 points. Shawano had a 6-0 lead before Mike Gallenberger connected for Kaukauna with two minutes gone in the game. Hitting on six of 10 shots from the floor in the opening quarter, the Indians held leads which varied from four to eight points and led, 15-11, at the first buzzer.

Successive baskets by Wayne Steinbach, Don Bisely and Greg Eslien enabled Kaukauna to close the gap shortly before the end of the period. The Indians cooled off a little in the second frame hitting on five of 16 shots while Kaukauna made good on four of 11. Ron Jesse led the scoring for the winners in the frame with seven points, mostly on outside jump shots.

Hold 50-36 Lead

The Ghosts were completely outclassed in the third quarter as they went five minutes and 36 seconds before they hit a basket by Steinbach. Six free throws prior to the bucket enabled Kaukauna to remain within striking distance. Two buckets by Bob Reimer and one

JIMBERLY — Both major political parties selected their floor leaders more than a month ago. If they had waited until today, Kimberly's John Reider would almost certainly be a unanimous choice of both the Democrats and Republicans.

Reider scored five baskets and passed off for eight more as he directed a machine-like Kimberly team to a 77-60 victory over Neenah here Friday night. With the win, Kimberly retained the Mid-Eastern Conference lead.

The Papermaker junior tallied 15 points and another member of the Class of '66, Gary Van Cuyk, added 16 markers for the Mid-Eastern Conference leaders. Giant Chuck Meyer played his usual steady game and paced the attack with 21 points.

Grabs 12 Rebounds

It was Don Van Grinsven, however, who carried the load on the backboards. "Gerns" picked off 12 rebounds, while Meyer had eight and Van Cuyk seven.

The Wasp defense was led by scapping Bob Van Gompel, who along with Reider, stuck tight to Rocket sharpshooter Mike Boyd and held him to nine points.

It was a "game" for only the first six, or seven, minutes. Fast-break baskets by Reider and Meyer opened a 7-point lead that broke the game open. Here for the Papermakers near the end of the first quarter, Kimberly slowly widened the gap until they had a 26-point margin with about three minutes left in the game.

The Rockets netted 13 straight free throws in the final period to come back within 17 points of the AP Top Ten to play Friday. The winners, Rex Loker paced the Rockets with 15 points, all in the second half.

Sparkling play by little Dave Koehn, who hit seven points in the last stanza, aided the Neenah comeback effort that was all in vain. UCLA Quintet Beats Huskies

Bruins Score 26th Straight Loop Win; Dons Triumph, 92-69

BY TED MEIER

The Washington Huskies threw a scare into the UCLA Bruins, the national collegiate basketball champions, in their game last week at Los Angeles. They lost by only 78-75.

It was different when UCLA traveled north to play Washington at Seattle Friday night. The Huskies held the champs to a 24-34 halftime tie before the Bruins went on a 12-point spree for an 83-73 victory.

Gail Goodrich paced the burst as Meyer opened a 7-point lead that broke the game open. Here for the Papermakers near the end of the first quarter, Kimberly slowly widened the gap until they had a 26-point margin with about three minutes left in the game.

The Rockets netted 13 straight free throws in the final period to come back within 17 points of the AP Top Ten to play Friday. The winners, Rex Loker paced the Rockets with 15 points, all in the second half.

Wayland Academy '5' Registers 70-61 Win Over Fox Lutheran

BY TIM PETERMANN

Post-Crescent Staff Writer

Fox Valley Lutheran High School hit on only 27 per cent from the field in going down to their seventh defeat against nine wins at the hands of once-beaten Wayland Academy of Beaver Dam, 70-61, before a large crowd of Parents' Night fans here Friday night.

FVL will travel to Fond du Lac tonight for a game against Winnebago Lutheran Academy. FVL opened the scoring in the first quarter, which was an exhibition of good defense by both teams, after 1:09 of play on a jump shot by Mark Dahlke. Lee Kiepkie added a pair of free throws before Wayland came to life connecting for three straight buckets for a 6-4 lead.

Dahlke then added a brace of free throws and Ken Schrader a lay-up to give the Redmen a 10-6 lead. FVL bounced back with four on Kiepkie's lay-up and Vandertie's two free throws to tie it for the last time. Wayland's Schrader and Jim Byrck immediately got two quick layups for a 14-10 lead which they never relinquished. Wayland also led by four at the quarter, 16-12.

In the second period, Wayland virtually broke Fox Lutheran's back by hitting a blazing 57 per cent for 21 points to the Foxes' 13 to take a 38-25 halftime lead.

In the third quarter, Wayland

hit 41 per cent for 21 points again and had a 20-point lead late in the third quarter. However Fox Lutheran played a little more aggressively, almost keeping pace with the Redmen although they shot only 21 per cent but still held behind by three more, at 59-43.

Lutheran High then began a fourth quarter rally, but it was too late. After Wayland got the first two points in the quarter, the Foxes canned eight straight to cut the margin to 60-51. Adding another 10 points after that to the Redmen's six, FVL trailed by only five at 66-61. Johnson 2 0 1; Nelson 0 0 0; S. lead. The Clints hooped the first two points of the second stanza with 1:39 remaining, but could close the gap no further as Schaad 8 1 2; Michaels 0 0 1; Harvey 3 4 3; Muenich 0 0 1. Totals 33-76.

LITTLE CHUTE — Rebound control and accuracy from the free throw line enabled Abbot Pennings High School of DePere to stave off a late rally by St. John of Little Chute and the Squires posted a 63-57 Fox Valley Catholic Conference victory here Friday night.

The Chuters had a 25-21 edge in the field goal department, but Pennings made 21 charity tosses compared to only seven for the Dutchemen.

After trailing by as much as 13 points midway through the contest, the Chuters fought their way back into the game with some ball-hawking tactics in the fourth period.

Close the Gap

With 6:15 remaining in the contest The Chuters closed the gap to five points and the

Squires started a semi-stalling offense in which they passed the ball around eating up time on the clock and not taking a shot unless it was a clear one near the bucket.

Pennings was limited to two baskets through the last six minutes of the game, but hit on eight of nine free throws in the closing minutes. St. John had only two chances from the free throw line in the final six minutes.

With 2:12 left, a basket by Jay Van Thiel pulled St. John to within four points, at 55-51. Terry Watermolen dropped a pair of free throws to boost the lead to 57-51, but Bruce Hammen scored for St. John to cut the lead to four again.

Tom Collins, of Pennings, and Gary Romenesko of St. John exchanged baskets to make it 59-55 with 1:10 left on the clock.

Titans Post 94-73 Win as Englund Stars

OSHKOSH — Sparked by Gene Englund's 26 points, Wisconsin State University-Oshkosh dumped WSU-Eau Claire, 94-73, before one of the smallest crowds seen here in recent years at a good job on Terry Dieck, the conference's third ranking scorer.

Englund tallied 17 in the first half to lead Bob White's Titans to a 47-32 halftime advantage. After the teams sparred back and forth in the early stages, Oshkosh took a 22-12 lead near the midway point of the half and never was in trouble again.

Ray Neveau added 13 and Al Schmidt 11 to help the winners.

Larry Johnson paced Eau Claire with 19. The win gave the Titans a 5-6 conference record and a 10-7 overall mark. Eau Claire is now 0-11 in loop wars.

Menasha Scores 76-68 Basketball Win Over Truckers

Bluejays' Steffin, Clintonville's Korb Both Hit for 27 Points

BY GEORGE MANCOSKY

Post-Crescent Staff Writer

MENASHA — Menasha tallied 30 1, Zimmerman 2 1 0, 1' of the first 16 points of the game and coasted to a 76-68 triumph over Clintonville to retain undisputed possession of second place in the Mid-Eastern Conference race Friday night.

The victory was the Bluejays' eighth in 11 conference starts and moved them two full games ahead of the challenging Truck- ers. They will play a non-league contest in Stevens Point tonight.

With the score tied 2-all, the Menashians hit 12 straight points and led from then on. They were on top, 72-53 with 4:31 left to play when Coach Clem Massey pulled out his starters. The Truckers got within eight points by chalking up 15 of the last 19 markers.

The encounter was an offen- sive battle between the Jays' Don Steffin and Pete Korb of the Clints. Both juniors canned 27 points. Steffin was open under the basket most of the first half and put in numerous layups. Korb did most of his damage from outside.

Shoot 31 For 60

Menasha made slightly more than 50 per cent of its shots on 31 goals in 60 tries. Clintonville also had 31 fielders but canned eight fewer free throws. Unoffi- cially, the Clints had 86 chances from the floor, 27 in the past quarter.

The Menasha defense, Tom Vanderhyden in particular, did seen here in recent years at a good job on Terry Dieck, the conference's third ranking scorer.

Englund tallied 17 in the first half to lead Bob White's Titans to a 47-32 halftime advantage. After the teams sparred back and forth in the early stages, Oshkosh took a 22-12 lead near the midway point of the half and never was in trouble again.

Kohawks Hand Viking Quintet 102-81 Defeat

Coe College Fires At 55 Per Cent Clip In the First Half

CEDAR RAPIDS, IOWA — Coe College shot 55 per cent from the floor in the first half on the way to a 102-81 win over the Lawrence Vikings in a Midwest College Conference contest here Friday night.

The Kohawks, who had a season field goal percentage of 43 going into the game, shot an overall percentage of 47 as compared to the Viking effort of 35.5.

Earl Hoover got Lawrence off on the right foot by scoring seven of the first eight Vike points. With his shooting, the score was tied at 8-8. The Kohawks took the lead shortly thereafter, however, and from then on never trailed.

With six minutes gone and the game close at 12-10, Coe scored 13 straight points in 4 1/2 minutes to break the game wide open. By the time the halftime buzzer sounded, Coe held a 60-32 lead over the Vikings.

With four minutes remaining in the game, Coe held a 98-60 advantage. Hoover and Tom Finafe. Steinmetz teamed up to make the score more respectable, with 2-1 points to the Kohawks' four in the final four minutes of play.

Coe also maintained an edge in the rebounding statistics by snaring 68 from the boards as compared to Lawrence's 53. Coe's Dick Smith garnered the game's scoring laurels with a total of 24 points. He was followed by Hoover with 21 and Kohawk Skip Swan with 20. Coe's Larry Shryock and Mike Collis and Viking Dick Schultz each tallied 16 points.

Milwaukee Business Group Accepts Braves' Help Offer

MILWAUKEE (AP) — A group of business and civic leaders seeking a new major league baseball franchise for Milwaukee, accepted Friday the Braves' offer to share gate receipts of home games in 1965.

"We welcome their participation and accept their challenge," Teams said.

"Early next week we shall announce plans for a campaign to sell tickets for 1965 Braves games," the statement added. "The Braves' share plan will be incorporated into this effort and should provide a significant additional incentive to purchase tickets for this year's games."

The Braves are due to move to Atlanta in 1966.

The Braves, faced with the possibility of a boycott by bitter fans, offered to contribute five cents on each ticket sold up to \$766,927, the lowest Milwaukee attendance. For every ticket sold between that number and one million, the club will contribute 25 cents. For each ticket over a million the club would donate \$1.

If Milwaukee's 12-year average of 1,583,027 paid fans a season is attained Teams, Inc., would receive \$675,641 to obtain another major league club and promote it.

Shawano ran into basket troubles in the fourth quarter as six minutes and 38 seconds elapsed before James connected on a lay-up. Kaukauna meanwhile managed to narrow the margin to 11 points, but the bid advantage was too much to overcome as the Indians were content to attempt to retain possession and hold shots until they seemed assured of a bucket.

Kaukauna hit on 12 of 24 free throw tries while the Indians scored 20 of 32 charity tosses. Jesse with 14 points was runnerup for the winners while Steinbach and Knapp each had 10 for Kaukauna. The latter scored all his points in the final frame as he failed to break into the game for the first three periods.

Told to Call Only 'Good' Penalties, Say NHL Referees

TORONTO (AP) — Two former National Hockey League officials said Friday they were instructed by the league's chief of officials to call only "good" penalties against New York in a 1962 game that has revived a storm of controversy.

Dalton McArthur and George Hayes were two of four officials who faced a news conference and reiterated charges of manipulation where and for the officials to FVL's Dahlike was top recall only good penalties against the Braves.

McArthur and Hayes were officials in the controversial phrase "good penalties." Hayes was in Boston March 22, 1962, when the Rangers beat the Bruins 6-3 in the 69th game of the season and clinched a spot in the playoffs, one of the few times in recent years New York has made it.

Former referees Eddie Powell and John Mehlenbacher also appeared at the conference and reshaped some earlier statements and charges connected with the case.

Celtics Edge Knicks, 94-92

Los Angeles Lakers Tip San Francisco, Keep 2-Game Lead

BY THE ASSOCIATED PRESS

The New York Knickerbockers are giving Boston fits — considering they trail the Celtics by 29 games in the National Basketball Association standings and have beaten the defending champions only once in eight season meetings.

The Knicks, who managed to bug Celtic star Bill Russell and Coach Red Auerbach while losing by 28 points the last time the teams met, pushed Boston into overtime Friday night before bowing 94-92.

The Eastern Division leaders, now 50-11 on the season, sputtered repeatedly before John Havlicek's bucket with 30 seconds to play in overtime finally shook off the lowly Knicks.

Elsewhere, Los Angeles whipped San Francisco 114-95 and maintained its two-game Western margin over St. Louis, which walloped Baltimore 144-100.

Late Shot

Havlicek's last-second desperation shot from the corner sent the Boston-New York game into overtime after the cold-shooting Celtics had blown a seven-point bulge. Havlicek then capped a seven-point closing burst that brought Boston from behind in the extra period.

Sam Jones scored 34 points for the Celtics. Rookie Jim Barnes led New York with 23. The Lakers outscored San Francisco 10-2 for a 77-64 advantage in the third quarter and won going away. Two layups by Dick Barnett off fast breaks triggered the spurt. Jerry West's 29 points paced the Lakers. Guy Rodgers hit 27 for the Warriors, who lost Nate Thurmond in the final period when the big center reinjured his back.

St. Louis overpowered Baltimore with an 84-point second half. The Hawks hit on 17 of 27 shots in their 45-point third quarter. Charley Vaughn, with 19 points, topped nine Hawks in double figures. The Bullets, played without injured Gus Johnson, and Walt Bellamy sat out most of the game after encountering early foul trouble.

Monroe Whips Edgerton for 14th Straight

Milwaukee North Remains Unbeaten; Beloit Posts Upset

BY THE ASSOCIATED PRESS

Monroe and Milwaukee North, ranked 1-2 among Wisconsin public high school basketball powers, led the advance Friday night as the state's nine undefeated teams extended their records.

Monroe, top-rated the last three weeks in The Associated Press poll, won its 14th straight by belting Edgerton 97-59, while North's Blue Devils overwhelmed Milwaukee Washington 80-43 for their 50th victory in the last 51 City Conference starts. North is 14-0 for the season.

Two entries in the select Top Ten were upset. Third-ranked Manitowoc dropped a 90-80 decision to Oshkosh and Madison West, rated No. 7, bowed 82-74 to Beloit.

Platteville Wins

Continuing along undefeated with Monroe and North were Platteville, 14-0, with an 84-27 victory over Mineral Point; Baraboo, 14-0, a 58-41 victor over Portage; Cumberland, 13-0, with a 95-78 triumph over Bloomer; Holmen, 15-0, with a 71-64 decision over Bangor despite the temporary loss of 7-foot Elmo Hendrickson; New Richmond, 14-0, with an 84-60 romp against Colfax; Oondosagon, 14-0, with a 77-53 rout of Bayfield, and Alma, 13-0, with a 100-69 belting of Gilmanston.

Wauwatosa East, the Top Ten's No. 4 team, posted its 15th victory in 17 games by defeating Wauwatosa West 78-64. And fifth-ranked Appleton, 13-2, moved into a first place tie with Manitowoc in the Fox River Valley Conference by humbling Green Bay Southwest 90-36.

Superior East, rated sixth, defeated Wakefield, Mich., 60-50. Southern Door registered its 14th straight victory after an opening game loss by defeating Gibraltar 87-59 in the Peninsula Conference. Mosinee clinched the Lumberjack Conference title with a 9-0 record by whipping Park Falls 86-60.

Fran Schmitz had a tremendous night as he scored 42 points in leading New Holstein past Valders 87-62. The junior forward hit on 10 field goals and cashed 22 of 33 free throws.

Other high scorers included Duane Lardinois with 32 points for Southern Door; John Schultz with 34 for Michoud in an 82-61 victory over Luxemburg; John Hetzel, 31 for Delavan-Darien in a 71-64 triumph over Walworth; Big Foot; Randy Letkiewicz, 30 in Delavan Deaf's 64-61 defeat Poygan by Lake Geneva Northwestern. Sppi, Wausau County, will be examined by the state public service commission at a hearing in Wautoma on March 19.

Oshkosh Triumphs; Stevens Point Bows To Superior, 70-66

BY THE ASSOCIATED PRESS

Stout kept alive its title hopes while Eau Claire's hapless Blugolds dropped another game Friday night in Wisconsin State University Conference basketball action.

Stout defeated Whitewater 88-65 for its ninth victory in 12 conference outings. Oshkosh handed Eau Claire its 11th straight league defeat 94-73. Superior downed Stevens Point 74-68 and Platteville belted River Falls 86-68. First-place La Crosse was idle.

In other games, Ripon edged Beloit 80-77 and Coe trounced Lawrence 102-81 in the Midwest Conference. Millikin whipped Carroll 116-91 in the College Conference of Illinois. Concordia of River Forest, Ill., defeated Carthage 83-77, and Concordia of Milwaukee slipped past Northwestern of Watertown 88-84 in overtime.

Builds 42-38 Lead

Stout dominated the boards and streaked past Whitewater after building a 42-38 halftime lead. Mike Thompson paced Stout with 22 points. Whitewater, 4-7 in the conference, was topped by Tom Schwogler with 20 points.

Gene Englund scored 26 points in leading Oshkosh against Eau Claire. The Titans surged to a 47-32 halftime lead and breezed to their fifth victory in 11 SUU outings. Eau Claire was led by Larry Johnson with 19 points.

Superior turned back a late challenge with six straight points in snapping Stevens Point's five game conference winning streak. Superior boosted its record to 6-5 as Jim Sevalds scored 20 points. Pointers, now 5-6, were topped by Wes Zuege with 14 points.

Platteville led by only three points, 43-40, at the half, but turned the game into a rout after the intermission. The Pioneers' Ken Sprague scored 16 points in helping his mates to hike their mark to 6-5. River Falls, 5-7, was led by Bob Pritchard and Paul Kramer with 13 points each.

Ripon cashed three free throws in the last 38 seconds to edge Beloit. Jim Cahoon, who scored 23 points, broke a 7-7 deadlock with one charity toss and Willie Rogers converted two more with three seconds left. The victory was Ripon's seventh in 12 Midwest starts. Beloit, owned of a 6-6 record, was led by Bill Woolley with 23 points.

Peterson Quits His GOP Wisconsin Chairmanship

Appleton Man to Finish Term In May; Will Not Run Again

About 150 Republicans heard their state chairman say Friday night that, "It will be impossible for me to seek re-election next May when my term expires."

Talbot Peterson made the announcement of his impending retirement as GOP state chairman at the Outagamie County Lincoln Day dinner.

Peterson began his remarks by saying, "I am not heading as state chairman like a headline in the Post-Crescent said tonight." Peterson told the group later, however, that he would not seek another term in the job.

"The past 20 months certainly have been interesting ones," he said, "but I wouldn't say they have been the easiest 20 months one could have served as a Republican state chairman."

"At the end of May," he said, "the executive committee will elect a state chairman. The party should consider making the job of state chairman a full-time job. Recent history has

proven that this job is a 14 to 18 hour job, seven days a week, during campaign periods."

"We also know," Peterson said, "that states like New York, Ohio, Pennsylvania, Indiana, Michigan, and Minnesota have discovered this fact and have tried to solve the problem by the employment of full-time, paid state chairman."

"From my own experience," he said, "I feel this is what the Republican Party of Wisconsin requires. I am hopeful that this matter will be given serious thought in months ahead."

"It is obvious that no man, who is interested in his business career can long pursue the course of state chairman at its present demanding pace. For this reason, it will be impossible for me to seek re-election next May when my term expires."

Peterson urged the party to begin planning for the 1966 elections and to "adopt a more positive position in regard to finance."

He added, "We also have a need to communicate, not just with a few thousand key people throughout Wisconsin, but with hundreds of thousands. It would be my hope that in the days ahead we could continue to have the fine relationship that I enjoyed with members of the working press. You often hear criticism of the press, especially some of our larger metropolitan papers, but my experience with them has been a good experience."

"Their mistakes were caused mostly by inexperience and a lack of understanding of politics."

Also appearing on the program was Republican Ninth District Rep. Glenn Davis, Waukesha, who repeated a speech he gave to the Winnebago County Lincoln Day dinner Thursday night at Sabre Lanes in the Town of Menasha.

O'Konski Files Bid With FCC for Channel 12 TV at Rhinelander

WASHINGTON (AP) — A request for a permit for a television station on Channel 12 in Rhinelander, Wis., was filed with the Federal Communications Commission Friday by Rep. Alvin E. O'Konski, R-Wis.

The channel was switched from Ironwood, Mich., to Rhinelander on Dec. 16 by the commission. O'Konski, who held a permit for Station WAEO-TV, Channel 12 at Hurley, Wis., which adjoins Ironwood, asked the commission to assign the Rhinelander directly to him.

But the FCC, noting that O'Konski had a permit but had not started a station in Hurley, turned down the request and opened Channel 12 in Rhinelander to all comers.

So far, O'Konski is the only applicant.
